

Generic GN QD USB Bottom Lead

Part Number: TEGEUSB53

Convert your existing office headset into a softphone headset

Do you...

- Like using a mouse to answer the phone ✓
- Prefer a headset with a QD connection ✓
- Want a lead that will work on your softphone now and in the future ✓

...then look no further

This universal bottom lead with mute and volume buttons on the in-line control, allows you to answer and end a call using your PC's mouse. Quick Disconnect gives you flexibility to easily move away from your desk, disconnecting the QD during a call and reconnecting again without losing the call.

- Simply 'Plug & Play' solution ✓
- No software download needed ✓
